LA GAMMA

Una gamma completa di sistemi professionali per tende arriciate ad uso domestico e professionale che offre la soluzione più adatta per qualsiasi drappoggio.

THE RANGE

A full range of curtain track systems suitable for domestic and professional use which offers the best solutions for all curtain styles and qualities of fabrics.

LA QUALITÀ

È la priorità del prodotto Mottura. Silenziosità e scorrevolezza come risultato di una tecnologia sofisticata per garantire una prestazione ed una longevità superiori.

THE QUALITY

At Mottura our main priority is Quality, with our sophisticated technology we can produce quiet and smooth running Curtain Systems and guarantee excellent performance and longevity.

2

SINERGIA

Un prodotto Mottura è il risultato dell'incontro tra la tecnologia Mottura e l'esperienza di migliaia di specialisti che da oltre quarant'anni la utilizzano ovunque nel mondo e contribuiscono ad una costante evoluzione del prodotto.

SINERGY

A Mottura system is a result of the advanced technology at Mottura and the experience of thousands of experts who over 40 years have contributed to the constant evolution of our products.

I MATERIALI

Mottura pone una estrema attenzione all'utilizzo di materiali più adatti alle performance del prodotto. Oltre trenta materiali diversi sono stati selezionati ed utilizzati nei sistemi Mottura per offrire la performance migliore e una longevità estrema.

THE RAW MATERIAL

Mottura sets very high standards and spends a great deal of time to ensure we use the best materials to produce a high level of performance from our products. Over thirty different materials have been selected and are used constantly in the systems produced by Mottura, to offer the best performance and a long life.

3

MOTTURA NEL MONDO

I sistemi per tende drappeggiate Mottura sono sulle finestre del mondo. Dal 1963 Mottura produce soluzioni ovunque ci sia una finestra; residenze, comunità, grandi progetti e nautica.

MOTTURA IN THE WORLD

The Mottura systems for draped curtains dress the windows of the world. Since 1963 Mottura produces solutions where there is a window; in private residence, in commercial structures and in nautical buildings.

LA SICUREZZA

La sicurezza è una priorità e Mottura richiede che i propri sistemi siano sempre installati correttamente per evitare di fare correre seri rischi ai bambini.

SAFETY

Safety is a major priority and Mottura requires that its systems are always installed correctly to avoid serious risks to children.

SISTEMI PER DRAPPEGGI AD ONDA

WAVE CURTAINS SYSTEMS

- I sistemi per tende Mottura, sia con azionamento a corde che a strappo, sono adatti per tende ad arriacciatura continua ad onda. L'arriacciatura continua della tenda è realizzata per mezzo di una corda distanziatrice all'interno del canale di scorrimento degli scivoli.
- Mottura systems, either cord drawn and hand drawn are suitable for continuous wave draping. Continuous curtain draping is achieved by means of a spacer cord inside the channel along which the sliders run.
